*Please note you will need a minimum of 2 Assessors to carry out IQA activities to generate the evidence required for the practical unit – Internally assure the quality of assessment.

What the course involves:

The course is delivered as a 2-day remote workshop, after which there will be a series of assignments that will be submit electronically. Individual support sessions are offered to provide guidance and support and ensure successful achievement of their certificate.

What does the training involve?

You will gain an understanding of the principles and practices of internal quality assurance and develop the skills required to enable you to carry out internal quality assurer roles from within an organisation or assessment centre.

NOCN Level 4 Internal Quality Assurance Qualifications

This qualification is assessed by the following method:

The qualifications are assessed through a range of written tasks, assignments, projects, case studies resulting in a portfolio produced to meet the assessment criteria. Assignment submission dates are negotiated and agreed with individual learners to meet their needs/requirements but once agreed must be submitted on time and completed by the programme end date.

Who would benefit from his course?

- Those who wish to gain an understanding of the principles and practices of internal quality assurance.
- Those whose role involves the internal quality assurance of assessment.

Testimonial

“This was a well-planned and engaging course, there were lots of additional information and support materials that I have been able to use to develop my own internal quality procedures which has been very useful, there is a lot of practical work required to achieve the course but the tutor support was amazing and enabled me to achieve without my qualification without impacting my day to day work”
